Description:

Brenner Tumor Global Clinical Trials Review, H1, 2016

Summary

GlobalData's clinical trial report, “Brenner Tumor Global Clinical Trials Review, H1, 2016” provides an overview of Brenner Tumor clinical trials scenario. This report provides top line data relating to the clinical trials on Brenner Tumor. Report includes an overview of trial numbers and their average enrollment in top countries conducted across the globe. The report offers coverage of disease clinical trials by region, country (G7 & E7), phase, trial status, end points status and sponsor type. Report also provides prominent drugs for in-progress trials (based on number of ongoing trials).

GlobalData Clinical Trial Reports are generated using GlobalData's proprietary database - Pharma eTrack Clinical trials database. Clinical trials are collated from 80+ different clinical trial registries, conferences, journals, news etc across the globe. Clinical trials database undergoes periodic update by dynamic process.

The report enhances the decision making capabilities and helps to create an effective counter strategies to gain competitive advantage.

*Note: Certain sections in the report may be removed or altered based on the availability and relevance of data for the indicated disease.

Scope

- The report provides a snapshot of the global clinical trials landscape
- Report provides top level data related to the clinical trials by Region, Country (G7 & E7), Trial Status, Trial Phase, Sponsor Type and End point status
- The report reviews top companies involved and enlists all trials (Trial title, Phase, and Status) pertaining to the company
- The report provides all the unaccomplished trials (Terminated, Suspended and Withdrawn) with
reason for unaccomplishment
- The Report provides enrollment trends for the past five years
- Report provides latest news for the past three months

*Note: Certain sections in the report may be removed or altered based on the availability and relevance of data for the indicated disease.

Reasons to buy

- Assists in formulating key business strategies with regards to investment
- Helps in identifying prominent locations for conducting clinical trials which saves time and cost
- Provides top level analysis of Global Clinical Trials Market which helps in identifying key business opportunities
- Supports understanding of trials count and enrollment trends by country in global therapeutics market
- Aids in interpreting the success rates of clinical trials by providing a comparative scenario of completed and uncompleted (terminated, suspended or withdrawn) trials
- Facilitates clinical trial assessment of the indication on a global, regional and country level

*Note: Certain sections in the report may be removed or altered based on the availability and relevance of data for the indicated disease.

**License Types:**

**Single User License (PDF)**

- This license allows for use of a publication by one person.
- This person may print out a single copy of the publication.
- This person can include information given in the publication in presentations and internal reports by providing full copyright credit to the publisher.
- This person cannot share the publication (or any information contained therein) with any other person or persons.
- Unless a Global License is purchased, a Single User License must be purchased for every person that wishes to use the publication within the same organization.
- Customers who infringe these license terms are liable for a Global license fee.

**Site License (PDF)**

- This license allows for use of a publication by all users within one corporate location, e.g. a regional office.
- These users may print out a single copy of the publication.
- These users can include information given in the publication in presentations and internal reports by providing full copyright credit to the publisher.
- These users cannot share the publication (or any information contained therein) with any other person or persons outside the corporate location for which the publication is purchased.
- Unless a Global License is purchased, a Site User License must be purchased for every corporate location by an organization that wishes to use the publication within the same organization.
- Customers who infringe these license terms are liable for a Global license fee.

**Global License (PDF)**

- This license allows for use of a publication by unlimited users within the purchasing organization e.g. all employees of a single company.
- Each of these people may use the publication on any computer, and may print out the report, but may not share the publication (or any information contained therein) with any other person or persons outside of the organization.
- These employees of purchasing organization can include information given in the publication in presentations and internal reports by providing full copyright credit to the publisher.
